

A Celebration of the Field of Systems and Control

An international symposium on the occasion of two milestones
in the careers of Christopher I. Byrnes and Anders Lindquist
Stockholm, Sweden, September 9-11, 2009

General information

The international symposium A Celebration of the Field of Systems and Control will take place at the Royal Institute of Technology (KTH) in Stockholm, Sweden, on September 9-11, 2009.

There will be a single stream of invited presentations during the three days when the symposium is held. The symposium is being organized on the occasion of two milestones in the careers of Christopher I. Byrnes and Anders Lindquist.

Symposium location

The symposium will be held at the Royal Institute of Technology (KTH). KTH is located in the northeastern part of the Stockholm city area.

Participation and registration

People in both academia and industry are welcome to attend the symposium.

Book

A Festschrift will be published by Springer as a hardcover independent book tentatively titled "Three Decades of Progress in Systems and Control". Our plan is to have it available by CDC 2009 in Shanghai.
